Fix Auto Saint John
Saint John, NB

Challenge
Water Born Paint

Volume
14,000 CFM – 1.5 MBTU

Solution
Unicure Zapper 3006

Fix Auto Saint John, owned and operated by Scott's auto Body recently purchased a Zapper 3006 for their shop. Scott wanted a new booth for two reasons. One, he

wanted to attract more insurance work and two, he wanted to upgrade to a heated booth with waterborne controls. Scott chose to work with Atlantic Air Cleaning because they are a local maritime company, with local service.

The Zapper 3006 The spray booth construction and exhaust airflow velocities are designed to meet or exceed OSHA standards. This booth is constructed of 18 gauge galvanized sheet steel · The doors are built with two inch by two inch square tube frames for heavy duty service, and have a heavy lip for air seal. One 36" x 84" personal access door is standard.

Fix Auto Saint John has built a solid reputation in accident repair, with their Unicure paint booth they are keeping pace with an ever-changing industry. Although the company has grown in size and joins an international network, it still maintains a family atmosphere and we are proud of our simplified claims process with your insurer, our quality commitment.

Performance granted to comply with local and federal clean air regulations
